- When anyone is forward of the firing line all arms will be unloaded, the actions will be open and the magazines must be removed. When any one is forward of the firing line no one shall handle firearms.
- The Range Officer has control of range. He may direct or remove any person in the facility. The Range Officer may open, close or modify the facility as he sees necessary for safety on the range.
- Shooters must remove their used targets and brass. All tables and shooting station dividers must be returned to their storage position and sweep all brass off the floor into proper receptacles.
- All individuals not shooting or supervising the range must position themselves on the opposite side of the glass wall.
- Federal and State laws governing possession and utilization of firearms must be followed.

Thank you to Alan Boulant of Paul Perry Kitchens for generously donating plywood for the indoor range backstops.

**If you hit the Plywood ONCE...Slow Down or move closer.
IF YOU HIT IT TWICE, use the outdoor range until you can
use the indoor range without hitting this plywood.**

...or start looking for another club. (We will be watching you) The Abuse has to STOP !
